

# MTS Time Series Data

MTS Time Series Data offers different levels of depth and granularity, from daily market summary information to un-netted tick-by-tick pricing data. Taken directly from the market-leading interdealer MTS Cash and Repo order books, the data is of the highest relevance, coming only from firm, fully executable prices.

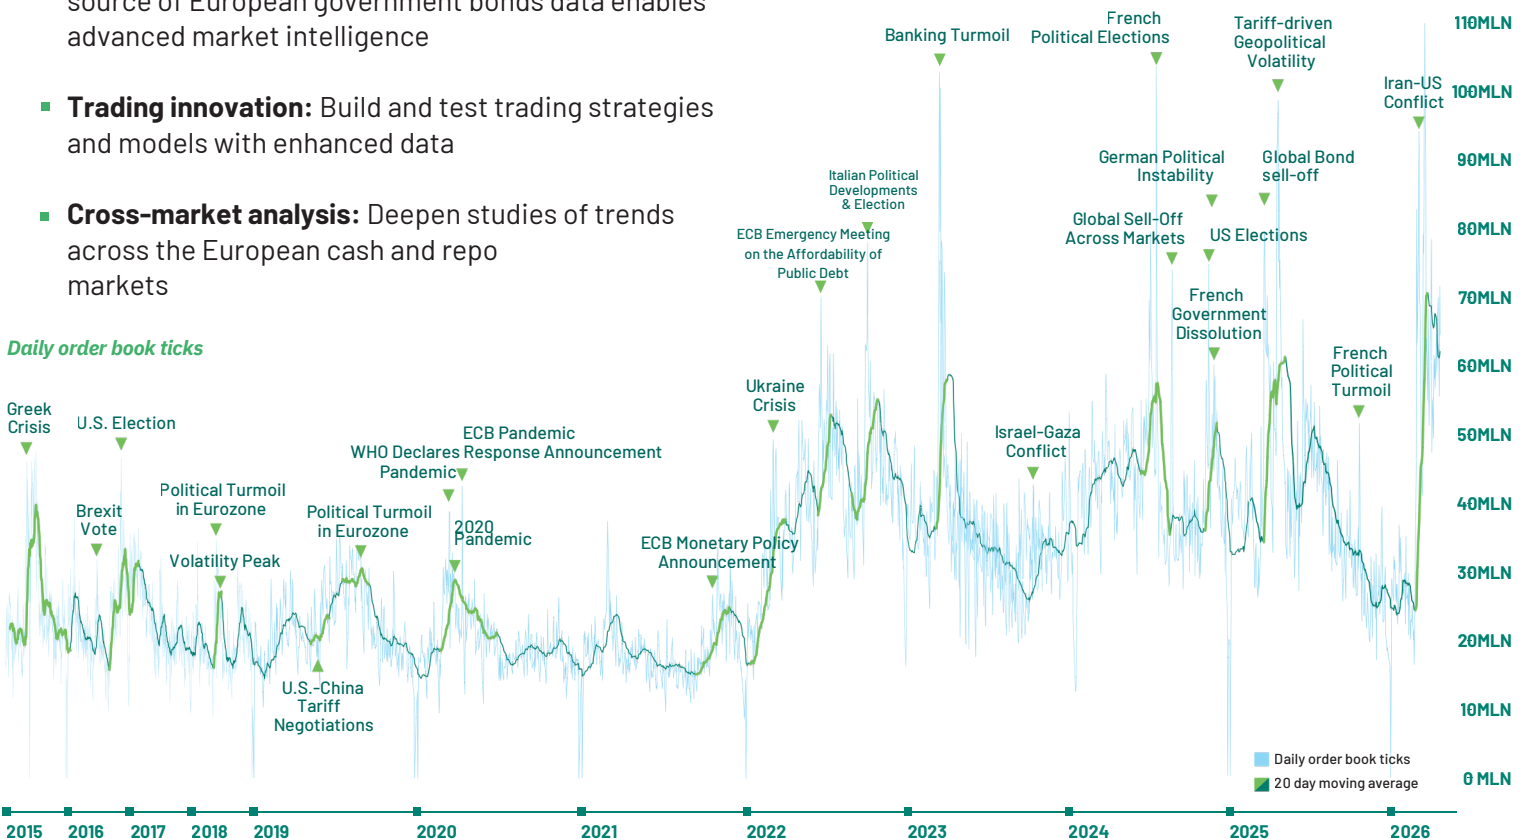

## Key Features

- **Comprehensive reference data:** All services include an extensive reference data file for each bond, supporting superior research
- **Expanding market coverage:** Coverage increases as MTS enters additional markets, with seamless integration of new markets into MTS Time Series Data
- **Extensive data resources:** Access to the richest source of European government bonds data enables advanced market intelligence
- **Trading innovation:** Build and test trading strategies and models with enhanced data
- **Cross-market analysis:** Deepen studies of trends across the European cash and repo markets

## Delivery Methods

- Direct from MTS via HTTPS or SFTP
- One-off delivery of historical files or rolling subscription to end-of-day files
- Snowflake, Amazon Marketplace, Euronext Data Shop and MTS Datahub

Daily order book ticks
